Who Should Attend

Internal Auditor Training for General Manufacturing Quality Management Systems

This seminar is primarily designed for internal auditor candidates, but can also be valuable for Quality Assurance Managers, ISO 9001:2015 Implementation and/or Transition Team Members, Management Representatives, and all others who would like to develop competency in ISO 9001:2015 and the auditing process.

An understanding of ISO 9001:2015 requirements and/or work experience in applying ISO 9001:2015 is recommended.

ISO 9001:2015 2-day

At A Glance

Internal Auditor Training for General Manufacturing Quality Management Systems

The ISO 9001: 2015 standards as a foundation, building on additional regulatory requirements and notations pertaining to general manufacturing needs. Even though ISO 9001:2015 is used as the model for teaching systems and audit, this course enables students to develop and apply auditing skills using any applicable management system standard. Apex QA is continuing to offer courses that cover the ISO 9001:2015 requirements.

Group exercises and case studies with examples from the aerospace industry will be used to develop the required auditing skills.

The auditing guidelines—including the auditing process and methodologies, e. g., planning and conducting an audit, writing nonconformity statements, preparing an audit summary and report, and verifying corrective actions—and their application in the aerospace process approach are covered.

ISO 9001:2015 2-day

Seminar Goals

Internal Auditor Training for General Manufacturing Quality Management Systems

- Quality Management Principles
- System and Process audit- An Overview
- Planning and Preparation
- Interpretation of ISO 9001
- Performing the audit
- Corrective Action and Follow-Up
- Analyzing Processes
- Auditing Scheduling
- Reviewing Processes and Preparing Checklists
- Audit Investigation-Obtaining and Evaluating Evidence
- Writing Nonconformity Statements

Seminar Outline

Internal Auditor Training for General Manufacturing Quality Management Systems

Day One:

- Introduction and Welcome
- **Lecture:** The ISO Standard Explained
- **Lecture:** Introduction to ISO 9001
- **Lecture:** ISO 9001 Requirements
- **Workshop:** Context of the organization
- **Workshop:** Interested Parties
- **Workshop:** Audit Scenarios

Day Two:

- Overview of ISO 9001 Requirements
- **Workshop:** Audit Scenarios
